

# Lowville Classroom News

The last two weeks we have focused on Shapes and Numbers.

- Small group activities included making a jack-o-lantern using different shapes for eyes, nose and mouth. We also practiced connecting numerals to their quantities. Children were given a numeral of how many sheep to put in the pasture, then they match the correct amount of sheep to the numeral.
- In large group times children were introduced to the calendar where we practice counting and keeping track of special days such as treasure box day, birthdays and field trips.
- At group time children are asked a question of the day. These past two weeks the questions were focused on shapes and

## Learning and Fun

During music and movement children practice crossing midline by placing their hands to a body part on the opposite side. We also practiced following directions by listening to a song about colors and placing that color where the song directed.

We sang a song about *Five Little Pumpkins* and a phonics song to the tune of

## Nutrition

The children helped Mrs. Moshier in the kitchen peeling eggs and making smoothies. We had a special snack on Halloween where we made healthy jack-o-lanterns. The children spread orange colored cream cheese on a rice cake then decorated it with raisins, a carrot and celery slices.

Mrs. Moshier showed us what a cantaloupe looks like before it is cut up and served. We then watched while the cantaloupe was sliced and discovered

## Wow!

Costume Day: The children had tons of fun wearing their costumes all day. Thank you to our friends at Dollar General and the Courthouse for the yummy treats. The Lowville Academy parade was awesome!
