## **Our Trip to Gerald A. Nortz**

To complete our study of buildings, we took a trip to a car dealership and garage to discover what was inside the building.

**Important reminder on back!!!!**

# Wow!

As a culmination activity to the building study, children displayed their structures for all to see. We called it our building museum.

## IMPORTANT

### Nutrition

Children helped Mrs. Moshier make Christmas cookies that were used at the Christmas party to decorate and eat. For a healthy holiday snack children made a Christmas tree using a cheese stick for a trunk and apple slices for branches.

Please make sure your child brings in or is wearing their snow pants, boots, hat, coat and mittens daily. We go outside to play everyday and children who ride the bus have to walk from the Lowville Academy bus loop to Head Start.

In addition to snow gear, children need to bring in shoes everyday so that they can change their boots when coming inside.
